## **Fan-Tastic Vent Corporation Awarded a Patent on its Portable 12 volt fan**

Imlay City, Michigan Fan-Tastic Vent Corporation is pleased to announce it has been awarded a patent on its portable 12 volt fan Endless Breeze.

The Endless Breeze is a light weight free standing fan with swing out arms that give it the flexibility to hang on dog crates. It delivers the equivalent of a 10 mph breeze, keeping both pets and people cool.

Standing only 14 inches high on retractable legs and less than 3 inches thick it travels and stores easily and weighs under 5 lbs. Endless Breeze plugs into most standard DC Outlets or operates on 110 volt AC with 4 amp converter.
