FAN-TASTIC VENT INTRODUCES POP 'N LOCK™ SCREEN Patent Pending

Imlay City, Michigan-

Fan-Tastic Vent, the industry leader of 12 volt air exchange systems, introduced the Pop 'N Lock™ Screen at the 2007 RVIA Convention in Louisville, Kentucky. The Pop 'N Lock™ Screen made of high impact polystyrene, pops in and out effortlessly. No screws needed! Fits any Fan-Tastic Vent model, covering pre-existing screw holes.

“We’ve heard our customers and answered their needs with this easy to install, easy to remove screen,” states Penny Milks, President. “The response has been Fan-Tastic!”

Fan-Tastic Vent and the new Pop 'N Lock™ screen are available through distributors and dealers and will become standard on all Fan-Tastic Vents produced.
